Presentation sequence — one story across ten sign-ins

10 sign-ins

Sign in as these people in this order. Each sign-in shows the functions that person owns, and the story carries from one to the next, so by step 10 every function has been shown once. The sign-in list is numbered in this order.

On the first page choose **Group of companies**. Finance, HR and the executives then pick **The whole group** (or one company) after signing in.

The story: Maya plans a trip, buys a life jacket, claims a coffee run and books a day off. Liam decides. Sofia and Daniel process and pay. Priya hires, Rachel runs payroll, Ethan gets it when Liam is away, Grace and Olivia decide the big ones, and the administrator shows the record of it all.

New bill: the account and department are required. 4. Customers: add one. Matching: a bill with two POs. 5. Finance › PO: where each PO is; open one, view only. 6. Rates: change mileage → it waits for Daniel.
4	**Daniel Okafor** Finance Manager	**Approvals** (rate change, bills) · **Month-end** · Inter-company · **Payroll** pages · At a glance on Home	1. Home: At a glance at the top. 2. Approvals: approve Sofia's rate change — Rates & coding shows the history. 3. Payroll › Pay runs: open a run; banked overtime is not paid twice. 4. Month-end checklist.
5	**Priya Raman** HR Manager	**Hiring requests** · Onboarding · Employees · **Time & Attendance** (everyone's time off and timesheets) · **Stat holidays** · Certificates	1. Home: hiring requests in Needs your attention. 2. Hiring requests: approve one; it becomes a job posting. 3. Payroll › Stat holidays: add one — timesheets pick it up. 4. Time & Attendance › Time off: everyone's balances.
6	**Rachel Dubois** Payroll Administrator	**Timesheets by pay period** · hours report · pay statements · CRA remittances · year-end (T4, ROE)	1. By pay period: who has submitted; the report unlocks when all are approved. 2. Year-end: a T4 preview.
7	**Ethan Clarke** Company Administrator	**The away rule** · All requests (own company only) · Receiving	1. Approve a full day off for Liam (today). 2. Switch to Maya, submit anything: it goes to Liam *or* Ethan. Back as Ethan: it's in Approvals; approve it — gone from Liam's list. 3. Receiving: receive a purchase order.
8	**Grace Holloway** Executive Director	**Director level** · All requests (read only) · executive Home	1. Approvals: Maya's PO over $5,000 — approve; the purchase order prints on one page. 2. All requests: everything, read only.
9	**Olivia Bennett** CEO	Same pages as Grace · director level when Grace is away	1. Approvals: decide the $6,000 card purchase waiting at director level. 2. Home: Company at a glance for the group.
10	**System Administrator** Super admin	**Users & access** · **Approval rules** · **Audit log** · Email templates · Companies · Page & Experience	1. Audit log: every step from 1–9, who and when. 2. Approval rules: the $5,000 director limit. 3. Email templates: edit one line of wording.

Timing: about 3 minutes a sign-in; 30 minutes for the whole story. Steps 6 and 9 can be skipped if time is short — nothing later depends on them. In the group, also show the company switcher in the top bar and Finance › Accounting › Inter-company.

If something is asked that isn't in the demo: “Good question — I'll write it on the page and it goes into the next round.” Press Request a change on that page. To switch setups, sign out and press **Change** on the sign-in page.
