The sign-in sequence

Sign in as these people in this order. Each act picks up what the previous one created, so the same requests travel all the way through the group.

	SIGN IN AS	HOW	WHAT THEY SHOW	TIME
1	Kiona Cardinal Employee · Equipment Operator, Harvest Operations, Taan Forest	Employee button	Raises everything: hours, time off, a \$28,500 purchase, an expense, a trip, a certificate	10 min
2	Tyler Bigstone Manager · Field Supervisor, Taan Forest (Kiona's manager)	Manager button	Approves the team's work, completes a review, assigns a task, uploads a contract	8 min
3	Shawna Laboucan HR Manager · HaiCo Corporate, all companies	HR Manager button	Hires, onboards, opens a job, runs reviews and benefits, ends an employment	10 min
4	Wesley Desjarlais Finance Manager · Chief Financial Officer, also runs payroll	Finance Manager button	Second-level approvals, bills, payments, banking, books, stock, payroll, ROE	15 min
5	Marlene Bellerose CEO · Chief Executive Officer (executive role)	Who are you? → name + TEST26!	Final approvals on big money, payroll and hiring; the whole-group view	6 min
6	Wesley · Wade Ladouceur · Kiona Closing the loop (Wade: General Manager, Taan Forest)	Finance button · name list · Employee button	Post payroll, create the PO, receive the goods, the employee sees the results	7 min
7	System Administrator Administrator · all companies	Administrator button	Users and roles, approval rules, audit log, feedback, Page & Experience Manager	8 min

How to sign in and switch

- Demo roles: on the sign-in page, under **Or explore with a demo role**, click the role.
- Anyone else: pick the name in **Who are you?**, type **TEST26!**, click **Sign in**.
- If asked, choose **The whole group** to see all four companies.
- To change person: **Switch role** in the yellow bar at the top.

Before you start

- Open the link in a **private / incognito window** so it starts from fresh demo data (data stays in that browser). On the shared link, reset it from Administrator > Settings.
- Screen at least 1360 px wide; on a projector, zoom to 90%.
- Keep a small PDF handy for the certificate and the contract uploads.
- Run through Acts 1–2 once before presenting.

The threads that tie it together

Each row is one request or story, followed across the acts. Use it to tell the audience where something is going next.

SIGN IN On the sign-in page, under **Or explore with a demo role**, click **Employee**.

Start with the person closest to the work. Everything Kiona raises in this act comes back later as an approval for someone else.

#	GO TO	DO	SAY
1	Sign-in page	Before clicking anything, point out the four companies, the Who are you? list (19 people) and the demo-role buttons. Every password is TEST26! .	<i>One platform for HaiCo Corporate and the three operating companies. Everyone signs in once and sees only what their role allows.</i>
2	Home	Show My summary (timesheet hours, vacation left, latest pay, my requests), Needs your attention , Quick actions and Coming up .	<i>An employee's day starts here — everything waiting for them, one click away.</i>
3	My work › My Time	Pay period Sep 28 – Oct 11: type 8 h on each weekday. Note that Sep 30 (National Day for Truth and Reconciliation) is already filled in. Click Send for approval .	<i>Stat holidays and approved time off fill themselves in; overtime is applied by the rules, not typed by the employee.</i>
4	My work › My Time Off	Request time off : Vacation, Oct 19 → Oct 21 (24 h calculates), note "Family visit". The button reads Send to Tyler . Open the Calendar tab.	<i>The button names the approver — the reporting line is built in.</i>
5	My Requests & Expenses › Purchase request	What: "Replacement grapple for the log loader" · cost 28500 · needed by Oct 30 · supplier "Coastal Heavy Equipment" · why "Current grapple cracked at Site 14". Click Send purchase request .	<i>Over \$25,000, so it will climb three levels: Tyler, then Finance, then the executive.</i>
6	Quick action › Submit an expense	Mark's Work Wearhouse · Safety gear · 640 · Sep 29 · "Caulk boots and rain gear for Site 14" → Send claim .	<i>Over \$500, so Finance approves too and then pays it back.</i>
7	My Requests & Expenses › Travel request	Prince Rupert · WorkSafeBC faller refresher course · Nov 3–5 · Ferry + company vehicle · accommodation 480 · other 120 → Send travel request (\$825).	<i>Under \$2,000, so only her manager needs to say yes.</i>
8	My work › My Tasks	Set a task to 50% and add a note.	<i>Managers see progress without asking.</i>
9	My Profile › Certificates	Add a certificate : Occupational First Aid Level 1 · St. John Ambulance · issued Sep 20 2026 · expires Sep 20 2029 · attach any PDF → Add certificate . Then show Overview, Pay & benefits and Reviews.	<i>HR is reminded before tickets expire — no spreadsheet.</i>
10	My Pay · My Documents	Show pay statements (download one) and company policies.	
11	Directory · Search · Look › Feedback	People › Directory and Org chart. Press / and search "diesel". Try the palette (five looks) and dark mode. Bottom-left Feedback : "Could My Time remember my usual department?" → Send .	<i>Feedback lands with the administrators with the page attached — we'll see it in Act 7.</i>

Good to know while presenting

- **Don't link a supplier bill to PO-2026-0005 in Matching.** Purchase orders created from a request have no item lines, so the match reports “nothing received” even after receiving. Show the match on the existing bills (IDC-88812, SS-30417) instead.
- **Don't approve a bill you entered yourself** — the platform won't let you. Say it out loud as a control: nobody approves their own request or bill.
- **“End employment” is refused for the six demo sign-ins**, so they stay usable. Use Winona Wilson or another crew member.
- **The pictures inside the in-app How-to guides** were captured before the people were renamed, so they show earlier names. The guides' text is current.
- **Numbers like REQ-2026-0001, PR-2026-0006, PO-2026-0005 and CT-2026-0006** assume you start from fresh demo data.
- **Lost?** Esc closes any popup; **Switch role** in the yellow bar always returns to the sign-in page.

Talking points that land well

- **Built-in reporting line.** Buttons name the approver (“Send to Tyler”); requests climb by amount, never skipping a level.
- **Separation of duties.** Nobody approves their own request or bill; Finance orders but the site receives.
- **Menus follow the role.** Kiona sees four menus, Wesley sees the whole finance side; every page also checks permission on its own.
- **Contracts follow the ladder.** Tyler, his managers and the executives see the grapple contract; HR does not.
- **Everything is recorded.** The audit log and each record's history show who did what, and when.
